210 x 200 cm (dimension of the sleeping area)

TENT DIMENSIONS:

NOMADA 3

USER MANUAL

SETTING UP THE TENT

- Spread out the tent on the ground, not necessarily in the place where you want to set it. Do not fix it with pins to the ground! Fasten the zippers.
- Attach the tensioning tape to the dome flysheet.
- Insert 4 assembled frame poles into the sleeves of the flysheet. Insert shorter poles into the sleeve of the dome (Fig. 1).
- Slide the tube that ends the upper frame pole onto the pin, which is located on the ring in the corner of the floor. Bend the upper pole to mount its other end in the opposite corner. Similarly mount the other frame poles (Fig 2).
- After assembling the tent, set it in the desired location and fix it to the ground using pins and stabilize it with guy lines.
- Use the free ends of the tensioning tape near the snap buckles to adjust the tension of the flysheet.

COMPONENTS:

- flysheet and sleeping area cover (integrated) ■ frame (4 frame poles) ■ pins (20) ■ guy lines (8) ■ tensioning tape (1)
- roof cover ■ bag ■ manual ■ guarantee

AFTER-SALES SERVICES FOR MARABUT TENTS

All our tents are covered by a 3-year guarantee. When buying a **MARABUT** tent, you can be sure that even after the guarantee period we will quickly and professionally repair any damage. Our after-sales services include attaching snow aprons, replacing worn-out floors and providing spare frame poles.
