Dimensions: 360 x 166 x 107 cm (external)
215 x 150 cm (sleeping area)

TENT DIMENSIONS:

BALTORO

USER MANUAL

SETTING UP THE TENT

- Spread out the tent on the ground, not necessarily in the place where you want to set it. Do not fix it with pins to the ground! Fasten the zippers.
- Insert assembled frame poles into the sleeve of the flysheet (Fig. 1).
- Slide the tube that ends the upper frame pole onto the pin, which is located on the ring in the corner of the floor - Fig. A. Bend the upper pole to mount its other end in the opposite corner. Similarly mount the other frame poles.
- Stiffen the intersection of the frame poles using the connector (Fig. 2.)
- Use the free end of the tensioning tape near the snap buckles to adjust the tension of the flysheet. (Fig. 3 - arrow).
- Tent prepared as described above should be set at the desired location. Stretch the floor and attach it with the pins in the corners, then stabilize the tent using guy lines.

COMPONENTS:

- flysheet and sleeping area (integrated)
- frame (2 frame poles)
- aluminium pins (15)
- guy lines (4)
- bag
- manual
- guarantee

ACCESSORIES

- repair kit: a rope with tensioner, frame repair elements.

AFTER-SALES SERVICES FOR MARABUT TENTS

All our tents are covered by a 3-year guarantee. When buying a MARABUT tent, you can be sure that even after the guarantee period we will quickly and professionally repair any damage. Our after-sales services include attaching snow aprons, replacing worn-out floors and providing spare frame poles.
